The image features a colorful illustration of four cartoon characters (Squeebles) at the top: a blue butterfly-like creature with the number 6, a yellow character with the number 1, a green triangle with the number 3, and a red character with the number 3. Below them is a speech bubble containing the text "Squeebles Times Tables Grid". The main part of the image is a 12x12 multiplication grid. The grid has orange headers for numbers 1 through 12. The diagonal cells from top-left to bottom-right are highlighted in pink and contain the products of the numbers 1 through 12. The rest of the grid cells are white with black text.
